TREMBLAY

Burgandy, France

CHABLIS

Grape Variety: Chardonnay

Description: Notes of lemon, ozone, wet stone and a typical melange of mineral, toastiness and beewax. Dry, light-bodied, but with a mid-weight sensation of red and green apples and skins midpalate. The acidity bolts all the flavours into position and accentuates the richness and the length of the wine.

Food Pairing: seafood

Additional Winery Information:

Chablis is the love of that pace of life TREMBLAY for 5 generations. Patiently, Gerard and his wife Helen were able to triple the vineyard inherited from the original 12 hectares to 33 hectares today, including 10 in first Cru.
